Blender

অব মিহি হবে
নিমেষেই

 শক্তিশালী মোটর
ও ধারালো ব্লেড

Code: 873154, SBL-011(Crushers)
 220 ~240V, 50Hz, 750W, Stainless Steel Blender
 100% ABS material Plastic body with Metallic Color
 1.4L Juicer, 1.0L Mincer & 0.5Kg Grinder with heavy SS Jar
 High quality Stainless steel blade with 6 heads
 Motor overheat protection
 20000 RPM & pure copper coil motor.

Code: 873297, VIS-SBL-015 (DynaMix)
 220 ~240V, 50Hz, 650W, Stainless Steel Blender.
 1.5L Juicer, 1.1L Mincer & 0.6Kg Grinder with SS jar
 High quality 304G stainless steel blade with 6 heads.
 Motor overheat protection.
 energy efficient pure copper coil motor.
 Non-stop 20 minutes motor operation without burn
 Innovative JarFix base tray design

Code: 873381, VIS-SBL-018(RAPID POWER)
 220 ~240V, 50Hz, 650W, Stainless Steel Blender.
 100% ABS material Plastic body with Metallic Color
 1.4L Juicer, 1.0L Mincer & 0.5Kg Grinder with 20 gauge SS Jar
 High quality Stainless steel blade with 6 heads.
 Motor overheat with low noise protection.
 18000 RPM & energy efficient pure copper coil motor.
 Unbreakable Polycarbonate (PC) Material Lid

Code: 873336, VIS-SBL-016(RAPID X)
 220 ~240V, 50Hz, 750W, fully Stainless Steel Blender.
 100% ABS material Plastic body with Metallic Color
 1.4L Juicer, 1.0L Mincer & 0.5Kg Grinder with heavy SS Jar
 High quality Stainless steel blade with 6 heads.
 Motor overheat with low noise protection.
 20000 RPM & energy efficient pure copper coil motor.

Code: 873509, VIS-SBL-019(DynaMix-X)
 220 ~240V, 50Hz, 850W, fully Stainless Steel Blender.
 100% ABS material Plastic body with Metallic Color
 1.5L Juicer, 1.2L Mincer & 0.6Kg Grinder with 18 gauge SS Jar
 High quality Stainless steel blade with 6 heads.
 Motor overheat with low noise protection.
 22000 RPM & energy efficient pure copper coil motor.
 Unbreakable Polycarbonate (PC) Material Lid

Code: 873308, SBL-014 (RAPID)
 220 ~240V, 50Hz, 650W, Stainless steel blender
 100% ABS material with metallic body
 1.4L Juicer, 1.0L Mincer & 0.5Kg Grinder with 18 gauge SS jar
 High quality stainless steel blade with 6 heads
 Heavy aluminum die casting(ADC) base with coating
 18000 to 20000 RPM with 3 speed control
 High speed, energy efficient pure copper coil motor
 Unbreakable polycarbonate(PC) material
 Color: Blue & Orange

Code: 823144, SBL-005 (SS)
 220 ~240V, 50Hz, 400W, fully Stainless Steel Blender
 1.5L Juicer, 1.1L Mincer & 0.6Kg Grinder with SS Jar
 High quality stainless steel blade with 4 heads
 Multiple speeds for soft and hard ingredients
 Motor overheat protection, Child Safety Interlock
 High speed, energy efficient pure copper coil motor
 Easily take out the parts to clean

Code: 873394, VIS-SBL-017(CYCLONE)
 220 ~240V, 50Hz, 850W, Stainless Steel Blender.
 100% ABS material Plastic body with Metallic Color
 1.5L Juicer, 1.2L Mincer & 0.6Kg Grinder Jar
 (Juicer, Grinder and Mincer) with 18 gauge SS Jar
 High quality Stainless steel blade with 6 heads.
 Motor overheat with low noise protection.
 22000 RPM & energy efficient pure copper coil motor.
 Unbreakable Polycarbonate (PC) Material Lid (Big jar)

Code: 873565, VIS-SBL-020(Typhoon)
 220 ~240V, 50Hz, 850W, fully Stainless Steel Blender.
 100% ABS material Plastic body with Metallic Color
 1.5L Juicer, 1.2L Mincer & 0.6Kg Grinder with 18 gauge SS Jar
 High quality Stainless steel blade with 6 heads.
 Motor overheat with low noise protection.
 22000 RPM & energy efficient pure copper coil motor.
 Unbreakable Polycarbonate (PC) Material Lid

Code: 873777, VIS-SBL-013(JIYO+)
 220 ~240V, 50Hz, 850W, Stainless Steel mixture grinder.
 100% ABS virgin material Plastic metallic body.
 1.5L Juicer, 1.2L Mincer & 0.6Kg Grinding capacity.
 304G heavy SS thumbs-up type 18 gauge Jar.
 Heavy aluminum die casting (ADC) base with coating.
 High quality Stainless steel blade with 6 heads., Motor overheated screw type CB protection.
 19000 to 20000 RPM with 3 speed control, Unbreakable Polycarbonate (PC) Material Lid
 High speed, energy efficient pure copper coil motor.

Code: 94896, VSBL RG-25
 1.6 Liter Big Transparent Poly Carbonate Jar
 3 in 1 functions (Juicer, Grinder and Mincer), 220 ~240V, 50Hz, 300W
 High quality Stainless steel blade, Multi-speed for selection, satisfy different needs
 Motor overheat protection, Child Safety Interlock
 High speed, energy efficient pure copper coil motor
 100% Food grade Rubber Gasket for health Protection
 Easily take out the parts to clean

Code: 873356, VSN-BEK-001 (MULTI)
 Power rating: 220-240V 50Hz, 100W
 Touch control, easy to operate & choose different function.
 Very Low noise design just 45DB, Hot, Warm and normal function
 High quality 4 head blade with SS304 grade
 Pure copper DC motor with fuse with safety protection
 Double safety device: over heating protection
 Hot drink for 350ML, Cold drink for 600ML match with difference requirement
 Double body (inner side 304G SS and outer side food grade)

Code: 824182, PBL-009 (Couple choice)
 1.6 Liter Big Transparent Polystyrene Material
 3 in 1 functions (Juicer, Grinder and Mincer)
 220 ~240V, 50Hz, 350W
 High quality Stainless steel blade
 Motor overheat with safety protection

Code: 94789, VSBL-S25
 1.6 Liter Big Transparent Poly Carbonate Jar
 3 in 1 functions (Juicer, Grinder and Mincer)
 220 ~240V, 50Hz, 300W, High quality Stainless steel blade
 Multiple speeds for soft and hard ingredients
 Motor overheat protection, Child Safety Interlock
 High speed, energy efficient pure copper coil motor
 100% Food grade Rubber Gasket for health Protection
 Easily take out the parts to clean

Code: 873142, PBL-010 (Valentine)
 1.6 Liter Big Transparent Polystyrene Material
 3 in 1 functions (Juicer, Grinder and Mincer)
 220 ~240V, 50Hz, 300W
 High quality Stainless steel blade
 Motor overheat with safety protection

Code: 873360, VIS-HB-001 (Smart)
 220~240V/50-60Hz, 300W Hand blender(RAD & PINK Color)
 juicer, mixer, egg beater, meat & vegetables chopping fashion
 High quality 304 grade stainless steel 4 head blade of stick
 Detachable mixing tool , good for mixing and cleaning.
 Durable motor with 100% pure copper coil.
 Safe for use with motor over heat protection
 One juicer & mixer jar for convenience of blending

Code: 873361, VIS-HB-002 (Elegant)
 220~240V/50-60Hz, 300W Hand blender(RAD & PINK Color)
 juicer, mixer, egg beater, meat & vegetables chopping fashion
 High quality 304 grade stainless steel 4 head blade of stick
 Detachable mixing tool , good for mixing and cleaning.
 Durable motor with 100% pure copper coil.
 Safe for use with motor over heat protection
 One juicer & mixer jar for convenience of blending

Code: 94895, VSBL-S30
 1.6 Liter Big Transparent Poly Carbonate Jar
 3 in 1 functions (Juicer, Grinder and Mincer)
 220 ~240V, 50Hz, 350W, High quality Stainless steel blade
 Multiple speeds for soft and hard ingredients
 Motor overheat protection
 Energy efficient pure copper coil motor
 100% Food grade Rubber Gasket for health Protection
 Easily take out the parts to clean

Code: 823619, Processor -VIS-FP-001 (All In One)
 220 ~240V, 50Hz, 450W, fully Stainless Steel Blender.
 1.6 Liter Big Transparent Polystyrene (PS) Jar.
 7 in 1 functions (Juicer, Grinder, Mincer, Chopper, Filter, Lemon squeezer)
 High quality Stainless steel blade with 4 heads.
 Motor overheat with safety protection.
 For All kinds of fruits, vegetables and meat grinding function
 Child Safety Interlock.
 High speed, energy efficient copper coil motor.

VISION[®]
Rice Cooker

স্বাস্থ্যকর রান্না

Code: 873238 (1.0 Ltr), 873143 (1.8 Ltr) & 873112 (3.0 Ltr) (Double Pot)
 Code: 873395 (1.8 Ltr) & 873396 (3.0 Ltr) (Single Pot)
 Rice Cooker SS body (Red color)
 Power: 400/700/1100W, Automatic cook & keep warm function
 Non-stick both side inner pot (1 SS & 1 Aluminum for double pot)

Code: 873175 (1.8 Ltr) & 873174 (3.0 Ltr), Double Pot
 VISION Rice Cooker SS body (Blue color)
 Power: 700/1100W, Automatic cook & keep warm function
 Non-stick both side inner pot (1 SS & 1 Aluminum for double pot)

Code: 873274 (1.8 Ltr) & 873273 (3.0 Ltr) Double Pot
 VISION Rice Cooker SS body (Classic color)
 Power: 700/1100W, Automatic cook & keep warm function
 Non-stick both side inner pot (1 SS & 1 Aluminum for double pot)

Code: 873208 (2.8 Ltr)
 VISION Rice Cooker 60-04 (Double Pot)
 (One is SS pot and one is Aluminum pot)
 Power: 1000W, Drum shaped, SS steamer
 Magnetic Switch and Thermostat, Jointless body
 Built-in thermostat maintains heat at a precise

Code: 873207 (2.2 Ltr)
 VISION Rice Cooker 50-04 (Double pot)
 (One is SS pot and one is Aluminum pot)
 Power: 900W, Drum shaped, SS steamer
 Magnetic Switch and Thermostat, Jointless body
 Built-in thermostat maintains heat at a precise

Code: 873508, 1.8 L Premium SS Red (Double Pot)
 Inner Pot: Double pot (One is SS pot and one is Aluminum)
 Power: Cylinder shaped, 1.8 Ltr. 220V- 50Hz, 700W
 2 hole 6-6.5mm Plastic Handle Glass Lid
 Magnetic Switch and Thermostat
 Full SS Body and heavy thickness
 Al/ Stainless steel Steamer With plastic Handle.
 Built-in thermostat maintains heat at a precise and uniform level
 700 W power which is very much enough for cooking rice in 15-20 min
 Heating element with coating for easy cleaning and Anti-dirty
 1.2 mm Actual Non-stick Coating Inner pot, Base Board- Silver
 Antibacterial action in warm mode

Code: 873326, 2.8 L 60-04 Red (Double Pot)
 Steamer: SS Steamer, Glass Lid with 2 hole
 Inner Pot: Detachable aluminum non-sticky inner pot (Double Pot)
 Power: 1000W/220-400V/50 Hz, Capacity: 2.8 Ltr.
 Cylindrical shape rice cooker
 With thermostat and Micro switch, Magnetic switch
 High temperature protection, 5 Layer gift box

Code: 873507, 3.0 L Premium SS Red (Double Pot)
 Inner Pot: Double pot (One is SS pot and one is Aluminum)
 Power: Cylinder shaped, 1.8 Ltr. 220V- 50Hz, 700W
 2 hole 6-6.5mm Plastic Handle Glass Lid
 Magnetic Switch and Thermostat
 Full SS Body and heavy thickness
 Al/ Stainless steel Steamer With plastic Handle.
 Built-in thermostat maintains heat at a precise and uniform level
 700 W power which is very much enough for cooking rice in 15-20 min
 Heating element with coating for easy cleaning and Anti-dirty
 1.2 mm Actual Non-stick Coating Inner pot, Base Board- Silver
 Antibacterial action in warm mode

Code: 873283, Power: 1900W
 VISION Rice Cooker 5.6 Ltr (Giant)
 Automatic cook & keep warm function
 Non-stick two side coated high quality pot

সাপ্রসী ও স্বল্প সময়ে
রান্নার নিশ্চয়তা

Code: 873300, VSN-1206, 220-240V, 50Hz
2000W Strong firepower, 4 digit display with Touch sensor control
A grade black polished crystal plate & tempered glass
10 power/temperature levels of adjustment
60-270° temperature adjust with 3 hours timer
Self-lubricating fan, disperse heat quickly with Over heat protection
Super large coil panel, high thermal efficiency, save energy 50%

Code: 94792, VSN1201A
220V, 50Hz, 2000W Strong firepower
Micro crystal plate, super heat & permanent resistant to discoloration
4 digit display with Touch sensor control
60-270° temperature adjust with 3 hours timer
Super wide voltage range adaptability from 90-275V
Self-lubricating fan, disperse heat quickly with Over heat protection
Having 1pc SS fry POT with prodcuts

Code:873569, VSN-KA-211, 220V, 50Hz, 2000W Strong firepower
Micro crystal plate, super heat & permanent resistant to discoloration
4 digit display with Touch sensor control, 8-stage power setting options
60-270° temperature adjust with 3 hours timer
Super wide voltage range adaptability from 90-275V
Self-lubricating fan, disperse heat quickly with Over heat protection
Super large coil panel, high thermal efficiency, save energy 50%
Size:341X411X65mm, Having 1pc SS fry POT with prodcuts

Code: 873204, Induction Cooker VSN1204 (Border)
2000W, 220V, 50Hz, Single Burner Induction stove
4 digital led display with Touch control
A Grade polished crystal Plate
Automatic shut off if Lack of Pot or empty of Pot
Multiple function & time setting options
10 Power temperature levels for adjustment of induction.

VISION®
Infrared Cooker

স্বাস্থ্যময় রান্নার
কার্যকরী সমাধান

Code: 873170, Infrared Cooker 40A3 (HiLife)
A Grade Black Crystal Glass Plate with Handle type
High Temperature resistance up to 800°C
Can use different material pot
Real Power: 220V, 50Hz, 2200W
Showing Power 2000W with variable function
1.2M wire With one BBQ grill stand

Code: 873169, Infrared Cooker 30A3 (Smart Cook)
High Temperature resistance up to 800°C
Can use different material pot
A Grade Black Crystal Glass Plate
Real Power: 220V, 50Hz, 2000W
Showing Power 2000W with variable function
1.2M wire with one BBQ grill with stand

Infrared Cooker VSN-KA-26
220V, 50Hz, 2000W Strong firepower
A grade black crystal glass+ tempered glass
8-stage power setting options
High Temperature resistance up to 800°C
Can Use Different Material Pot
Real Power: 220V, 50Hz, 2000W
Size: 341X411X65mm
1.2M wire With one BBQ grill stand

Code: 873546, Infrared Cooker VSN-Ne-C11
A Grade Black Crystal Glass Plate with Handle type
Unique design with Digital Display High strength
High Temperature resistance up to 800°C
Can Use Different Material Pot
Real Power: 220V, 50Hz, 2200W
Showing Power 2200W with variable function
1.2M wire With one BBQ grill stand
Product Size: Size 310*390*48mm

কাপড়ের ভাঁজে আনে মসৃণতা

SEI-002, 823435 Purple, 823436 Orange, 823437 Blue
Ceramic Coating Sole-plate, 230V/1800W
Self Clean Function, Overheat protection, Shock & Burn Proof
Auto Power off when Temperature reach Target
Weight: 1.05 Kg. Without Water Tank
Water Tank Capacity: 350g.

Code: 874102, DEI-005, Ceramic Coating Sole-plate
220 ~230V, 50Hz, 1000 ~ 1200W
Thermostat temperature control
Overheat protection, shock & burn proof
Weight: 1.3 to 1.5Kg, Auto power off when temperature, reach Target

DEI-002, 823443 Pink
Non Stick Coating Sole-plate
220V/1200W, thermostat temperature control
Overheat protection. Shock & Burn Proof
Weight: 730g. auto, Power off when temperature, reach Target

Code: 874101, DEI-004, Ceramic Coating Sole-plate
220 ~230V, 50Hz, 1000 ~ 1200W
Thermostat temperature control, overheat protection, shock & burn proof
Weight: 1.3 to 1.5Kg, Auto Power off when temperature, reach target.

DEI-007, 873117 Purple, 873118 Blue
Non-stick coating sole-plate, 220V, 50Hz, 1150W
Thermostat temperature control, Overheat protection
Weight: 600g, auto power off when temperature reach target

DEI-003, 823461 Purple, 823462 Orange
Non Stick Coating Sole-plate, 220V/1200W
Thermostat temperature control
Overheat protection, Shock & Burn Proof
Weight: 730g, Auto Power off when Temperature , reach Target
Color: Purple & Orange

Code: 873372, VIS-SEI-005 (Green)
220V, 50 Hz, 1200W Electric steam iron
weight: 0.900 Kg. Without Water Tank
Ceramic coated sole-plate with elegant design.
Automatic power off after reach Target temperature.
Overheat & burn protection with selective options.

YPF-6138, 94732 Purple, 94733 Orange, 94734 Blue
Ceramic coating sole-plate
30V/2200W, thermostat temperature control
Self clean function, overheat protection, shock & burn proof
Auto power off when temperature reach target
Weight: 1.05 Kg. without water tank, water tank capacity: 350g.

YPF 633, 94735 Purple, 94736 Orange, 94737 Blue
Ceramic Coating Sole-plate, 220V/1000W
Thermostat temperature control
Overheat protection, shock & burn Proof
Weight: 1125g. auto power off when temperature, reach target.

Code: 823441 Blue, 893442 Orange, DEI-002
Non Stick Coating Sole-plate
220V/1200W, hermostat temperature control
Overheat protection.Shock & Burn Proof
Power off when temperature, reach Target

Code: 873502, E. Iron-Model No. VIS-DEI-009 (PURPLE/BLUE)
Non-stick coating sole-plate, 220V, 50Hz, 1000W,
Thermostat temperature control.
Overheat protection, Weight: Around 550g.
Auto Power off when Temperature reach Target.

Code: 873371, VIS-DEI-011 (Blue/Burgundy)
220V, 50 Hz, 1000W Electric SS dry iron
Thermostat temp control with 500 hours life time.
Flexible 360 degree swivel cord guard.
Overheated & burn protection with selective options
Weight: 1.15Kg with elegant design.
Automatic power off after reach Target temperature.
Two pin 1.5M 3X0.75" copper power plug.

Code: 873529, VIS-DEI-013 (Heavy)
Non Stick Coating Sole-plate with golden paint, 220V/1000W,
Thermostat temperature control.
High Quality PP material body and handle
Overheat protection., Shock & Burn Proof, Weight: 2 to 2.2 Kg.
Auto Power off when Temperature reach Target.
Two pin Power Plug with 1.7M length.

Code: 873528, VIS-DEI-012 (Heavy)
Non Stick Coating Sole-plate with golden paint
20V/1000W, Thermostat temperature control.
High Quality PP material body and handle
Overheat protection., Shock & Burn Proof, Weight: 2 to 2.2 Kg.
Auto Power off when Temperature reach Target.
Two pin Power Plug with 1.7M length.

Code: 873503, VIS-LI-001
220V, 50Hz, 1500W, Weight:3Kg \pm 0.50
Overheat protection:No, MS casting with nickeling
High quality copper connector, High quality heat proof wood handle
Electric shock proof with safety guard

Code: 823145, VIS-TEI-006 (PINK)
Teflon Coating with Aluminum Sole-plate
100-240V 50/60Hz,80-220W
Auto power off at target temperature., 100% heat proof cable
Overheat protection., Folding Option.

Code: 823432, VIS-SMT-EI-001 (Blue/Red)
Steam, 220V, 50Hz, 1500W,
Teflon Coating with Aluminum Sole-plate
Auto power off at target temperature.
Overheat & burn protection with selective options.
weight: 0.900 Kg. Without Water Tank

VISION®
Electric Kettle

নিমেষেই গরম পানি

Code: 823449, Electric Kettle 1.8L VIS-EK-006
Power: 1500W, 220V, 50Hz
360° Rotatable Cordless Electric Kettle.
Auto turn Off when 100°C water boils.

Code: 873301, Electric Kettle VIS-EK-013 1.0L (ROYAL)
Power: 1000W, 220V, 50Hz
Fully Heat resistant, Cool touch two layer body.
Inner side 201SS & Outer side Plastic heat proof Body.
Auto turn Off when 100°C water boils.
Fast water boils within 3-4 minutes.

Code: 823448, Electric Kettle 1.8L VIS-EK-005
Power: 1500W, 220V, 50Hz
360° Rotatable Cordless Electric Kettle.
Stainless steel Body with Silver Coating.

Code: 823425, Electric Kettle 0.8L REL-VSN-EK-01 (Red)
Power: 220V, 50Hz, 1000W ~ 1250W
360° Rotatable cordless kettle.
Auto turn Off when 100°C water boils.
Boil-dry and overheat protection.

Code: 823455, Electric Kettle 1.5L VIS-EK-008
Power: 1500W, 220V, 50Hz
360° Rotatable Cordless Electric Kettle.
Stainless steel Body with concealed

Code: 823419, 823420, Electric Kettle 1.7L VIS-EK-03
Power: 220V, 50Hz, 1800W ~ 2200W
100% food grade Polypropylene body
Auto turn Off when 100°C water boils.
Triple Safety Protection, Both side water level Indicator.

Code: 873219, Electric Kettle 1.8L VIS-EK-010
Capacity: 1.8L, Power: 1500W, 220V, 50Hz
Fully Heat resistant, Cool touch two layer body.
Inner side 201SS & Outer side Plastic heat proof Body.
Boil-dry and overheat protection, Triple Safety Protection.
Fast water boils within 3-4 minutes.

Code: 873220, Electric Kettle 2.3L VIS-EK-011
Power: 1500W, 220V, 50Hz
Fully Heat resistant, Cool touch two layer body.
Inner side 201SS & Outer side Plastic heat proof Body.
Auto turn Off when 100°C water boils.
Triple Safety Protection., Fast water boils within 3-4 minutes.

Code: 873301, Electric Kettle VIS-EK-013 1.0L (ROYAL)
Power: 1000W, 220V, 50Hz
Fully Heat resistant, Cool touch two layer body.
Inner side 201SS & Outer side Plastic heat proof Body.
Auto turn Off when 100°C water boils.
Fast water boils within 3-4 minutes.

Room Comforter

শীতে উষ্ণতার পরশ

Wall Mount -02, PTC heating, high thermal efficiency
Fan/warm/hot wind for selection, Overheat protection
Wall mounted, With remote control
Rated power: 1000/2000W, With indicator light
Up-to 8 hours timer, Level of protection: IPX2
With automatic oscillating louvres With LED display

Code: 823439, Easy Black
Safety fan Heating Element, Recessed Carry Handle
Safety-tip-over switch, Fan/low/high wind for selection
Temperature Adjustment, Power indicator light
Safety fuse inside

Code: 873279, Wall Mount -01
One touch start, Glass panel, 24 hours timer, One Week timer
2 heating powers: 1000W/2000W, Window open function
LED display, warm/hot wind for selection
Remote control, wall mounted sets included, Overheating Protection

Code: 873287, Classic-02
PTC heater, Power:750/1500W
With adjustable thermostat
With overheating protection
With tip-off switch, Recessed handle

Code: 873281, Radiator White, heat setting:1000W/2000W
cool and warm wind option, high heating efficiency
DC motor build in, more quiet, Adjustable thermostat
Safety thermal fuse built in, Overheating protection
Oscillating function

Code: 873280, Radiator (Black), Heat setting:1700W/2400W
cool and warm wind option, high heating efficiency
3 pcs DC motor build in, more quiet, Adjustable thermostat
Automatic control temperature, Safety thermal fuse built in
Overheating protection, Safety tip-over switch, Oscillating function

Code: 873278, Radiator 2, Heat setting:1700W/2400W
cool and warm wind option, high heating efficiency
3 pcs DC motor build in, more quiet, Adjustable thermostat
Automatic control temperature, Safety thermal fuse built in
Overheating protection, Safety tip-over switch, Oscillating function

VISION®

Sub-Sandwich Maker

Code: 873139, Sub-Sandwich Maker
 2-slice Panini Maker, 180°open 2-slice Grill (SUS top cover)
 Cool touch handle, Power and Ready light indicator
 Drip tray for collecting excess oil
 Non-stick coating plates for easy cleaning
 Cord-wrap and upright for storage
 220-240V, 50-60Hz, 1500W

Sewing Machine

স্বাচ্ছন্দ্যে হবে নিখুঁত সেলাই

Code: 873373, Vision Sewing machine, Table & Stand SM-001
Model: VIS-SM-001, Function: dual function (Sewing & Embroidering)
Type: Household Sewing Machine
Sewing fabrics: Silk, Cotton, Wool and others chemical fiber.
Max. Sewing Speed: 1000 stitches / min
Max. Sewing Thickness: 1-2mm, Stitch Length: 3.6mm
Feed Mechanism: Forward & reverse
Needle type: 1: 11 to 14 no., Pressure foot stroke: 6mm
Sewing driver: Lock types, Hand, Foot & Electric Motor
Warranty: 3 years service warranty & 1 Year Parts warranty

ইলেকট্রনিক্স গণ্য
রাখুন সুরক্ষিত

Code: 873144, Automatic Voltage Stabilizer DVS-01 (15.5 C)
Capacity: 15.5 CFT or below 300L Refrigerator
Digital RMS based Technology
Automatic Delay During Load Shedding
Safety protection (HV, LV, OL, SC, Surge & Overheat)

Code: 873145, Automatic Voltage Stabilizer DVS-01 (21.5 C)
Capacity: 21.5 CFT or Above 300L Refrigerator
Digital RMS based Technology
Automatic Delay During Load Shedding
Safety protection (HV, LV, OL, SC, Surge & Overheat)
Response Time: 500ms

Code: 873199, DV-02-15.5 CFT (1000VA)
Input range: 120V - 260V, Output Voltage: 220V \pm 8%
Protection against burnouts & over voltages
Short Circuit & Overload Protection
Delay timer: 6 Sec/300 Sec, Transformer: Toroidal Type

Code: 873200, DVS-03-21.5 CFT (1500VA)
Input range: 120V - 260V, Output Voltage: 220V \pm 8%
Protection against burnouts & over voltages
Short Circuit & Overload Protection
Delay timer: 6 Sec/300 Sec, Transformer: Toroidal Type

Code: 873230; 873231; 873232, Vision Geyser 30, 45 & 67L Prime
Automatic Thermostat, Ceiling type Installation, High insulated glass wool
Rust proof ss-201 nonmagnetic sheet, Low power consumption
Auto stop function by thermostat, Heater made in Italy
Power: 1500W, Max. Temp: 80 degree

Code: 873235, Vision Geyser 45L Ultra
Automatic Thermostat, Ceiling type Installation, High insulated glass wool
SPCC with powder coated Outer body, Low power consumption
Auto stop function by thermostat, Heater made in Italy
Power: 1500W, Max. Temp: 80 degree

Code: 873233, Vision Geyser 45L Premier
Automatic Thermostat, Thermal Cut Out for safety
Multifunctional Safety/Pressure Valve, IPX4 Water Proof, Heating & power lamp
Enamel coated inner tank, Low power consumption, Auto off
Dimension: Outer Dia 15" * Height 25"
Power: 2000W, Max. Temp: 75 degree

Code: 873234, Vision Geyser 55L Premier
Automatic Thermostat, Thermal Cut Out for safety
Multifunctional Safety/Pressure Valve, IPX4 Water Proof, Heating & power lamp
Enamel coated inner tank, Low power consumption, Auto off
Dimension: Outer Dia 15" * Height 31"
Power: 2000W, Max. Temp: 75 degree

VISION® Digital LED Clock

Code: 873186, Wall or desktop clock
Display temperature and time
12 hour/24 hour displaying system selectable
Integral hour alarm function, Clock & calendar function
Built-in 3.7V lithium polymer battery with 50000 life time
4 hours DC backup without electricity, 2 way charging options
High quality charge controller for battery protections
Temperature range: -50~+70°C

VISION® Mosquito Killer Bat

Code: 873140, Mosquito Killing Bat
Eco-Friendly, Stocked, Safe, Scentless
Design: Three layer grid, Oval shape
Input: AC 220V/50Hz, 0.04A
voltage: DC 220V
Operating temperature: 10°C ~ 45°C
Charger: Rechargeable
Battery capacity: 400 mAh

VISION® Electric Fry Pan

Code: 873357, Electric Fry Pan-001
Fast hot conduction: Just using less time to fry
Food grade: Safe and healthy
Simple work type: Just for on/ Off two way,
Voltage: 220V-240V/ 50-60Hz, Power: 520W
Fashion wooden handle, safe for use.
Waterproof design, safe to use.

VISION® Toaster

Code: 873292, Slice Toaster-002 SS
2 Slice Electronic Toaster, Stainless Steel main body
6 Browning contron allows, Toaster from light to dark
Cool touch side panel
750W, 220V, 50Hz

Code: 873293, Slice Toaster-030
Slice Electronic Toaster, Browning contron allows
Toaster from light to dark, Cool touch side panel
650W, 220V, 50Hz

VISION® Pressure Cooker

Code: 824131, 5 L Princess, Capacity: 5 Liter
Pure and food-grade aluminum
55% faster than traditional method.
Leakproof sealing gasket and safety valve
Saves fuel & time, Rustproof components

Code: 823692, 823695 (Induction), 823693, 823694
Vision Pressure Cooker 3/4/5/6L, Material: Aluminum
High-quality pressure releasing the valve, Up to 55% gas savings, also save time
Corrosion Protected & high strength material handlebar and lid
Durable sealing gasket and safety valve, Made from food-grade aluminum
Freezer safe, Food contact safe, Capable of being recycled

Code: 824130, 5 L Apple, Capacity: 5 Liter
Pure and food grade aluminum
55% faster than traditional method.
Leakproof sealing gasket and safety valve, Saves fuel & time
Food retain most of their nutrients

Code: 824132, 5 L Queen, Capacity: 5 Ltr
Up-to 55% faster cooking than traditional method
High quality pressure releasing valve
Food retain most of their nutrients
Durable sealing gasket and safety valve
Made from food-grade aluminum
1 set safety valve & rubber gasket free

VISION® Non stick cookware

Code: 823696, NS Glamour Fry-Pan with Lid IB
Material: Aluminum, Body Height: 53 mm
Body OD: 246 mm , Body Thickness: 3 mm
Water Capacity : 1.4 Ltr, FG weight: 1.201 kg
Total weight (FG+CTN) : 1.652 kg
Color: Red

Code: 873352, VSN NS Glamour Karai with Lid
Up-to 60% Oil Saver
Layers Nonstick Coating
Top-coat: Provides outstanding surface integrity
Reinforced Mid-coat: Enhances abrasion & scratch resistance
Uniform Heat Conductive Spiral Bottom

Code: 873350, VSN NS Glamour Casserole with Lid
Strong Joint, 3 layer coating:
Top- coat: Provides outstanding surface integrity
UP to 60% oil saver
