A man is lying on his back in a field of tall grass, leaning against a large tree trunk. He is wearing a light blue shirt and dark pants. A red and black stand fan is positioned to his left, blowing a stream of air towards him. The background shows a clear blue sky with some clouds and green leaves falling from the tree above. The fan has a red base with a white logo and a black stand. The fan's blades are red and the wire guard is black. The man is looking up at the sky with a relaxed expression.
